

CHS Sunflower is excited to announce our 2009 confectionary sunflower contracting program available for traditional confection sunflower seed and for our XL-type confection sunflower.

Currently available are the high-yielding **RH 1121** a traditional confection hybrid, and **RH 3126**, an XL-type hybrid. **XL** hybrids available in limited quantities include our **RH 3126 RT**, a rust-tolerant hybrid, and **RH 400 CL**, a Clearfield® hybrid.

Contract production of the RH 1121 will deliver to Grandin, North Dakota. XL types will deliver to Hazel, Minnesota.

Other important details:

1. Your contract includes an **Act of God** clause for your protection.
2. Our regular sunflower contracts are up to 1,000 pounds per acre; the XL contracts are at 1,500 pounds per acre.
3. Federal crop insurance price election for non-oil sunflowers at this time is \$23.35 per cwt.
4. CHS contracts are backed by integrity and financial strength of largest and most profitable farmer-owned cooperative in the United States.
5. You can earn patronage for doing business with CHS Sunflower. Members of CHS earned an **extra \$2.72 per cwt** in patronage for the sunflower sold to CHS Sunflower during fiscal 2008. Member checks and patronage statements were distributed in February.

Please contract early to ensure availability of acres!
